

# SC 232

## The efficient working tool

SC 232 is a single-sided headset designed for professionals that require HD voice clarity audio in contact center and office workplaces. With the focus on contact-center-tested durability and robustness, SC 232 offers features including: CircleFlex® patent-pending dual-hinge ear cup for instant perfect fit and supreme comfort, noise-canceling microphone and a lightweight raised profile headband with numbered grooves. The combination of productivity-enhancing features and contact-center-tested durability is designed to help professionals perform at their best, whatever the environment.

SC 232 is optimized for low impedance devices such as mobile phones, DECT phones and some of the latest IP phones.

### Benefits and Features
