Button

Fig. 7

! After resetting the accessory will blink red — it is ready to be paired again.

3. When the LED glows yellow, release the button
4. Click the button again immediately to confirm

HomeKit Setup Code is needed to securely add accessory
to your home. You may need it in case of re-pairing.
Remember to keep it in safe place. Nobody but you has a copy.
FIBARO cannot recover the HomeKit setup code for you.
