

ThinkVision T23d-10

SEE MORE, DO MORE

EXPLORE YOUR POTENTIAL

The Lenovo™ ThinkVision® T23d-10 is a superior monitor that ensures you never miss any detail, be it comparing data-intensive files or while creating content. With the vivid 22.5-inch display and versatile connectivity options, the ThinkVision® T23d-10 lets you perform to your full potential.

The 16:10 aspect ratio of the T23d-10 monitor makes for an extra wide display and a superior viewing experience. The borderless panel and the super narrow bezel make it ideal for multi-screen connection, adding to your productivity. With up to 4ms response time, the anti-glare display minimizes motion blur and eliminates streaking and ghosting for a smooth interaction. The ThinkVision® T23d-10 has a range of ports such as VGA, DP, and HDMI to boost productivity.

FEATURES OF THINKVISION® T23d-10

Increase Your Efficiency

The 22.5-inch borderless display offers 11% more space, allowing you to do much more. The extra thin bezel is beneficial especially if you are dealing with extensive data and need to work with multiple screens.

Adaptable and Ergonomic

The ThinkVision® T23d-10 is built to support you in any work environment. The wide 178° viewing angle eliminates disturbing reflections and makes for a brilliant and bright display, so you don't miss a single detail. Easy to assemble (tool-free), the ergonomic stand can lift, tilt, pivot, and swivel at your will. For a clutter-free desk, manage cables with the clip behind the stand.

Clarity with Comfort

Promoting eye-safety, the T23d-10 comes with the TÜV Eye Comfort certification. It is the solution to long hours at the desk. Also, these monitors emit low blue light, which lessens eye-strain without hindering your productivity.
