Painter® 2022

Anything but ordinary

Create next-level results with trusted, professional digital art software. Sketch, paint, illustrate, and produce unparalleled photo-art with hundreds of impeccably realistic artist-created brushes, superior blending, and an array of versatile art tools. Plus, extend your desktop to iPad with Sidecar and paint away with the Apple Pencil.

Concept Art   Illustration   Photo Art   Fine Art

Jeremiah Trammell

Why choose Painter 2022?

Natural-Media™ that replicates reality
Immerse yourself in an enormous selection of professional Natural-Media™ brushes including, thick, wet, dry and blending media that look and feel just like the real thing.

Exclusive Painter brushes
Create unforgettable art with Painter's proprietary media, Particles that spring, flow and glow, Pattern Pens that make an unforgettable mark and F-X extraordinary effects brushes.

Intelligent photo-painting tools
Clone your images by dipping your brush directly into the photo or use AI Styles and the Auto-Painting palette to rapidly transform images for you.

Incomparable composition
Paint in perfect symmetry and perspective using built-in composition tools such as Mirror painting, Kaleidoscope, Divine Proportion, Rule of Thirds and Perspective Guides.

Intuitive workspace
Create your own custom brushes, palettes and workspace layout, or import custom content from others that exponentially speeds up your artistic workflow.

Extensive compatibility
Open and save to .PSD and import Adobe Brush Resources. Enjoy using multi-touch or a drawing tablet with stylus tilt, rotation, bearing & pressure control plus paint on a Windows or a Mac system and mirror on iPad and paint with the Apple Pencil.

Who's it for?
Professional Artists!

Concept Artists
Take advantage of Painter's versatility to quickly develop concepts for films, games and manufacturing and create environments, creatures and vehicles that inspire.
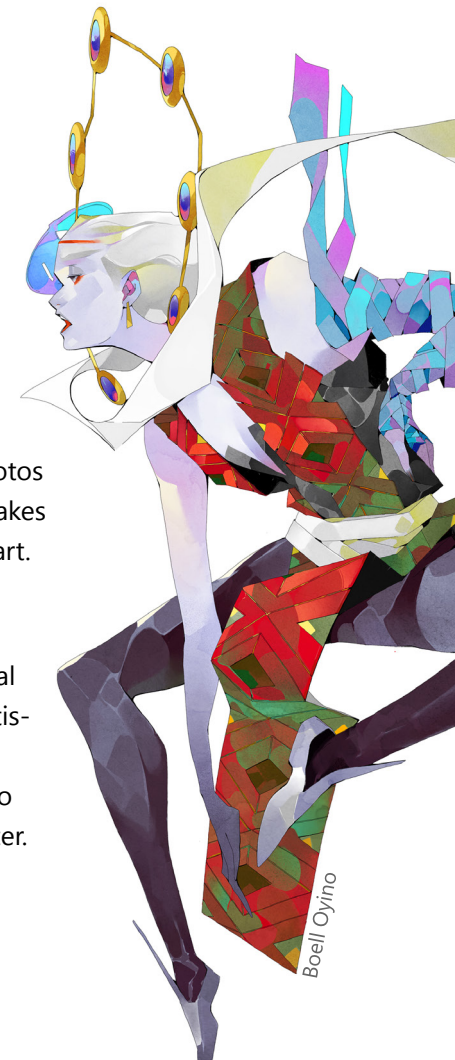

Illustrators
Bring ideas to life for published materials, fashion design and fantasy art using the most diverse digital art studio needed to execute visions on canvas.

Photo Artists
Use powerful AI Styles, Auto-Painting and Cloning tools to masterfully paint photos and produce stunning keepsakes and sellable works of photo art.

Fine Artists
The mixture of realistic natural media and unique Painter artistic tools offer the freedom to create amazing end results no matter what the subject matter.

Impressive new features

NEW Stamp-type brush customization

These popular brushes have received a versatility overhaul. Change shape, edge effects, rotation, squeeze and anti-aliasing plus, create your own, import and export all from the Captured dab Panel!

NEW Watercolor brushes and workflow

Enhance your artistic creations with new Watercolor compatible brushes and improved workflow options. Easily paint with dry media types on Watercolor layers resulting in new creative mixed-media looks.

NEW Brush Library experience

Reap the benefits of a refined brush library. Enjoy new categories, variants, brush previews and enhanced brushes plus, now you can easily find, filter and favorite beloved brushes for easy access right from the Brush Selector.

NEW Brush Size Selector

Choosing brush size has never been so visual and speedy. Just open up the Size Library and away you go. Add, reorder, delete and adjust size preview to accommodate your workflow.

NEW User requested enhancements

After reviewing your valuable feedback, we have made many layer productivity improvements and other enhancements to accelerate your workflow.

Fastest version yet!

Run the Brush Accelerator™ and enjoy huge speed gains of new and enhanced cover method brushes with up to 50x GPU boost and up to 18X acceleration when using Intel multicore processors with AVX2. Several other brush engines are also up to 2x's faster.
