12U 36in Knock-Down Server Rack Cabinet with Casters

StarTech ID: RK1236BKF

The RK1236BKF 12U 36in Knock-Down Server Rack/Cabinet (with Casters) features a vented acrylic front door and mesh rear door, to provide devices stored in the cabinet with cost-effective passive cooling as well as offer security for your valuable equipment.

Supporting a total load capacity of 800 kg (1760 lbs), the server rack is constructed of steel and aluminum to ensure a sturdy platform for valuable server/networking equipment. The included casters make this product a flexible rack solution for any IT environment or server closet, by making it easier to position the rack in the ideal location.

The rack is easy to assemble at the point of installation for rapid deployment and features a flat-packed design that helps to minimize shipping costs.

Backed by a StarTech.com Lifetime warranty.

Applications

- Perfect solution for Technology shops and repair centers with limited space and mountable equipment where security is required
- Ideal for rack mount servers, KVM switches, networking equipment and cabinet consoles
- Audio/Video editing room, radio or television studio broadcast rackmount equipment
- A great solution for the college/university classroom, where only limited rackmount equipment is needed, but security is still important

Features

- Includes casters and stabilizer feet
- Flat packed into a single carton for easy shipping
- Vented front / rear doors, and solid side panels
- Adjustable mounting rails
- Quick and easy to assemble
