# Hear the classic tone throughout your home.

---

As a complement to the EZVIZ Doorbell, this Chime keeps you notified at home when you don't have the smartphone at hand.

## Get immediate awareness of your visitors.

---

Covering a three-meter radius with up to 72 dB of volume, the Chime gets the job done beautifully. As soon as someone presses your doorbell, you will hear one of the several pleasant tones while also receiving an incoming video call request on the phone.

## 20 pleasant ringtones to choose from.

Choose your favorite ringtone to suit your unique aesthetic. Or, mute the chime when you don't want to be disturbed.

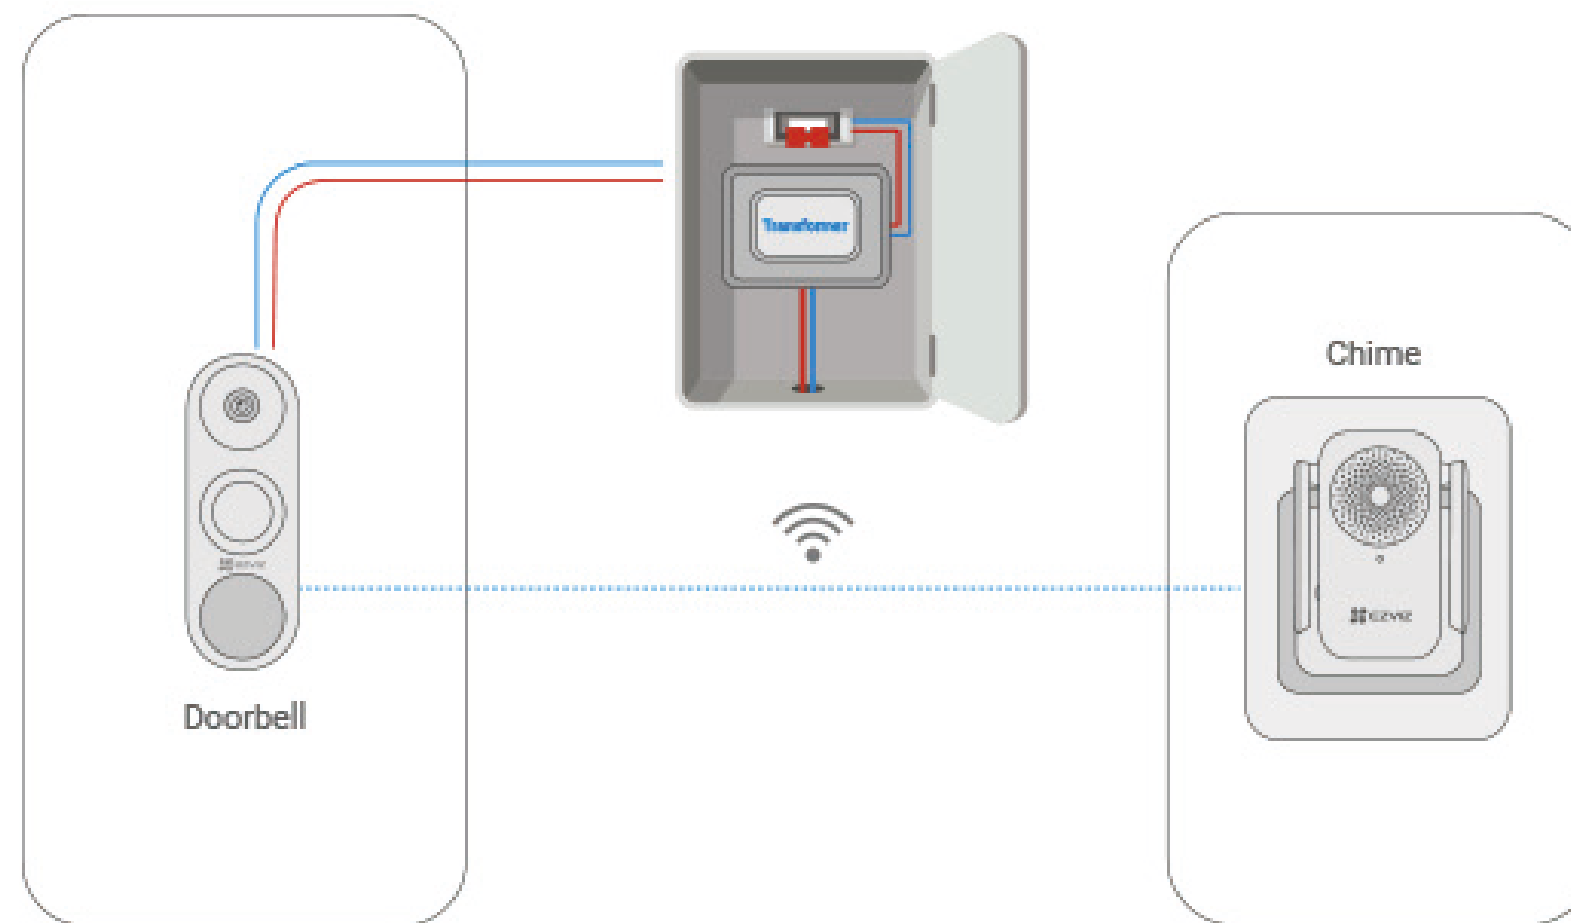

## Dual antennas for real-time response.

The Chime has two external antennas, so you don't have to worry about the network stability of your front-door security system

## Standard transformer included.

The package includes a standard transformer to ensure your DB1 doorbell works correctly and safely.

Warning: Please ensure the voltage being delivered from the transformer is providing 12 – 24 VAC, (ideally 12 V). To ensure your safety, it is advised that you hire a licensed electrician to install the doorbell system.
