EAN number: 8719274490623

- 
- With pause indicator
  - Natural ergonomic shape
  - Stimulates blood circulation
  - Different sizes, left and right
  - Customizable buttons
- 

### R-Go HE Mouse with break software

The R-Go HE Mouse Break is an ergonomic vertical mouse that ensures a natural, relaxed position of your arm and hand and uses colour signals to indicate whether you are taking enough breaks.

The LED colour signals indicate whether you are working in a healthy way; in other words, whether you are taking enough breaks. Green means 'good', orange means you should take a break, and red means you skipped a break or have exceeded your total daily mouse time. Using the so-called 'traffic light colours', you receive feedback about your healthy (break) behaviour in a simple and positive way. The mouse will encourage you to take breaks on a regular basis. These vital interruptions help prevent overburdened muscles and tendons in the arm and hand, stimulate blood flow in the body, and help you (often unconsciously) change your behaviour in a simple way.

Referentie	RGOBRHESMR
EAN nummer	8719274490623

### Model and function

Model:	Vertical mouse
Hand:	Right
Length hand:	165-195
Function:	Buttons, scroll wheel

Resolution (DPI):	500-1500-2000-3500
Number of buttons:	5 buttons

### Connection

Connection:	Wired
Cable Length (mm):	1600
USB version:	USB 2.0

### System requirements

Compatibility:	Windows
Installation:	Plug & play

### General

Length (mm):	105
Width (mm):	83
Height (mm):	76
Weight (gram):	162
Product material:	Plastic
Colour:	Black
Serie:	HE Break

### Logistical information

Package dimensions (LxWxH in mm):	140 x 112 x 92
Gross weight (in grams):	320
Carton Size (mm):	575 x 575 x 190
Carton weight (grams):	14820
Quantity in carton:	50
HS code (tariff):	84716070
Country of origin:	China
