

# INA-LCKEY2

LightCast Wireless Adapter Key

Part #: INA-LCKEY2

InFocus

Plug this USB drive into your LightCast-ready device to enable its LightCast features, such as wireless screen sharing, interactive whiteboard and web browser.

## Key Features

- ◆ For a LightCast-ready display or projector only (including INF4030, INF6502 Series, INF6505 Series, INF7002 Series, IN1116, IN1118HD, IN2120x Series, and IN5148HD)
- ◆ USB key cannot be used with multiple LightCast-ready displays (one key per display)
- ◆ Cast your device's screen wirelessly to the display via MiraCast (on most Windows and Android devices) or Airplay (Apple devices)
- ◆ Turn on the display's web browser capabilities and enhance its built-in whiteboard capabilities
- ◆ Virtual keyboard uses US keyboard layout

INA-LCKEY2 is for Europe and parts of Asia-Pacific.

Customers in the Americas, order [INA-LCKEY1](#)

Customers in Asia-Pacific, contact InFocus Support to determine the correct key for your country.
