T10

AVOID EXPENSIVE WATER DAMAGE

A leaking washing machine, a tap that is left open, water in the basement... Water damage can be very expensive and often it is too late when you find out. Thanks to the T10 water leak sensor, you will immediately be notified and can prevent costly repairs. Thanks to its built-in battery and its wireless connection to the A1 hub, you can place it where you need it most.

Video Security For Your Smart Life

HIGHLIGHTS

ABOUT EZVIZ

EZVIZ helps you app your life. Right from the palm your hand, you connect visually to your home or your work. Welcome to the smart home and business!

Built to last
The T10 has an IP67 rating.
It is both waterproof and dustproof.

Wherever you need it
Built-in battery that lasts 2 years.

Highly reliable
Still works for 2 hours after it's been 1 meter underwater.

Connected to your alarm hub
Connect it to your A1 and you're set!

Always in control
Instant notification via your app.

FEATURES

INSTALL IT WHERE YOU NEED IT

Thanks to the built-in battery and the wireless connection to your A1 alarm hub, you can place the T10 where you need it. You can adjust the water level between 0.4mm and 3.2mm.

WATERPROOF AND DUSTPROOF

The T10 has an IP67 rating, making it very secure.

DESIGNED TO WORK IN EXTREME CIRCUMSTANCES

It still works for 2 hours after it's been 1 meter underwater.

ALWAYS UP-TO-DATE

Whenever the T10 is triggered, you get an instant notification on your phone.

INTEGRATED EZVIZ SOLUTION

The A1 can be connected to your EZVIZ cameras. If the T10 is triggered and you have a camera, the camera will immediately start recording images and video.

ONE APP DOES ALL THE WORK

You can connect all your devices on one and the same app. The EZVIZ app is easy to use and allows you to view four live video streams at once, if you have cameras.
