VeriMark™ Fingerprint Key

Best-in-Class Authentication to Support Windows Hello™ & FIDO U2F

K67977WW

Product Description

Innovation, quality and trust have made Kensington® the standard in device security for more than 25 years. Kensington is expanding that expertise to data security by introducing the world's first fingerprint security key to support Windows Hello™ and Fast IDentity Online (FIDO) universal 2nd-factor authentication (U2F) – the VeriMark™ Fingerprint Key. Engineered to provide simple, fast and secure Windows logon and a seamless two-factor authentication experience, the VeriMark Fingerprint Key protects against unauthorised access on compromised devices, while also offering unprecedented cybersecurity for today's cloud-based world.

Features

- Advanced Fingerprint Technology combines superior biometric performance and 360° readability with anti-spoofing protection, while exceeding industry standards for False Rejection Rate (3%) and False Acceptance Rate (0.002%).

- Universal Integration provides scalable, out-of-the-box access for Windows computers and platforms, including biometric login for Windows Hello™.

- FIDO U2F Certified to ensure seamless interoperability and meet 2nd-factor security key logon requirements for cloudbased service and software providers, including Google, Dropbox, GitHub and Facebook.

- VeriMark Password Manager offers a fully-secure password bank that allows the fingerprint to authenticate and automatically fill in usernames and passwords for websites, logins and file encryption/decryption.

- Compact design easily attaches to a standard keyring for convenient portability.

Product information

Depth	30mm
Width	15mm
Height	10mm
Gross weight	0.04kg

Retail Packaging Information

Depth	20mm
Width	80mm
Height	130mm
Gross weight	0.04kg
UPC#	085896679776
Unit quantity	0

Master Case Information

Depth	135mm
Width	110mm
Height	100mm
Gross weight	0.48kg
UPC#	50085896679771
Unit quantity	5

Shipping Information

Minimum Order Quantity	5
Warranty Period	24
